

My musical instrument book

These instruments are for keeping rhythms or making special sounds.

drum

triangle

tambourine

bell

xylophone

cymbals

Percussion

These instruments are long tubes of curved brass. They are played by blowing into a mouthpiece and making air vibrate through the tube to make a sound. You can make different sounds by opening and closing valves or by blowing harder or softer into the mouthpiece.

cornet

tuba

trumpet

French horn

trombone

Brass

When the strings on these instruments are bowed, struck, or plucked they create vibrations in the air that you can hear.

harp

guitar

violin

banjo

cello

String

These instruments are played by blowing air through the instrument and either covering or uncovering holes to make different sounds.
